

# Annual General Meeting Infineon Technologies AG

Dr. Reinhard Ploss  
Chief Executive Officer

Munich, February 28, 2013

# The Determining Factor

# Semiconductors Enable 80 Percent of All Automotive Innovations

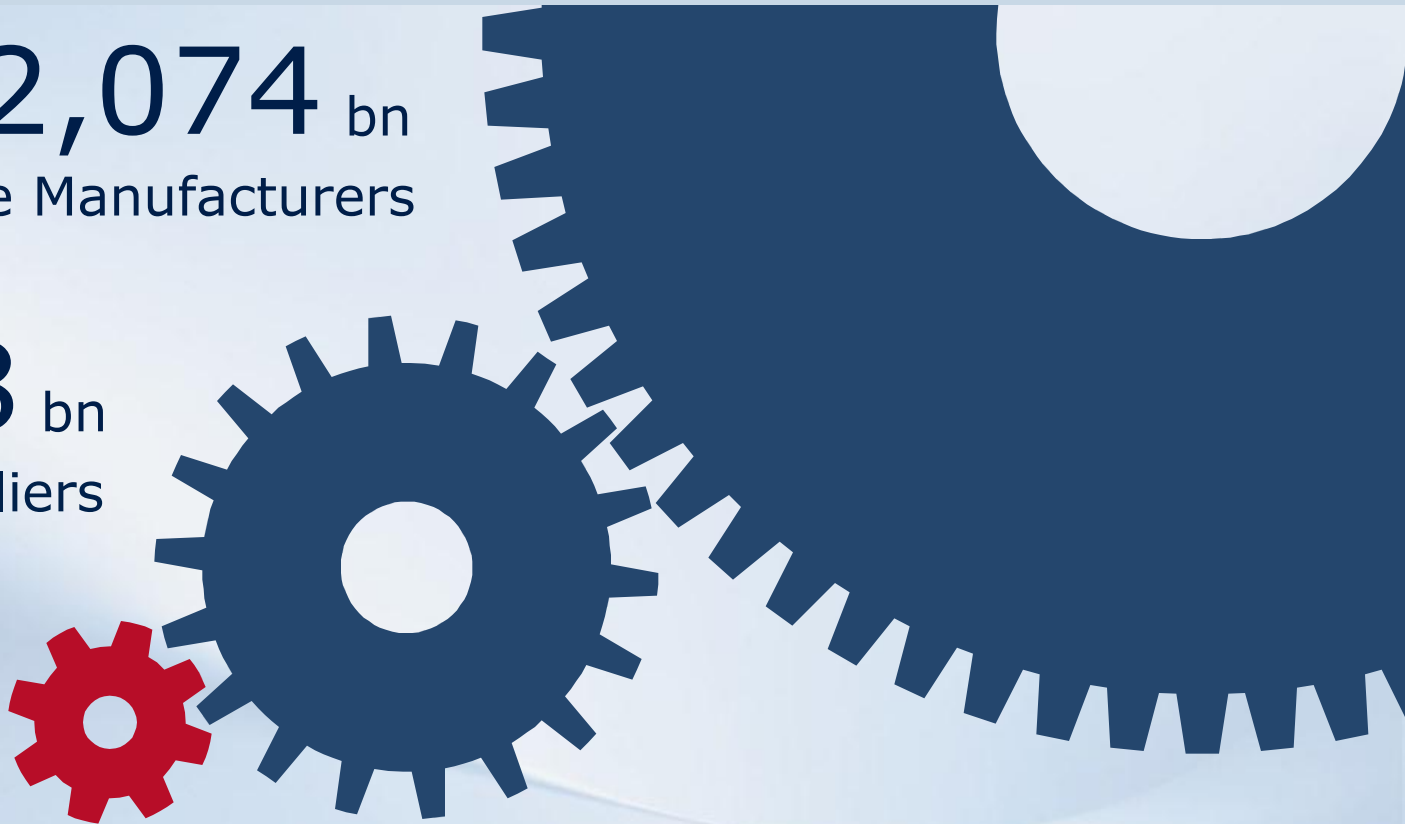

# The Leverage Effect of Semiconductors

\$ **2,074** bn  
Automobile Manufacturers

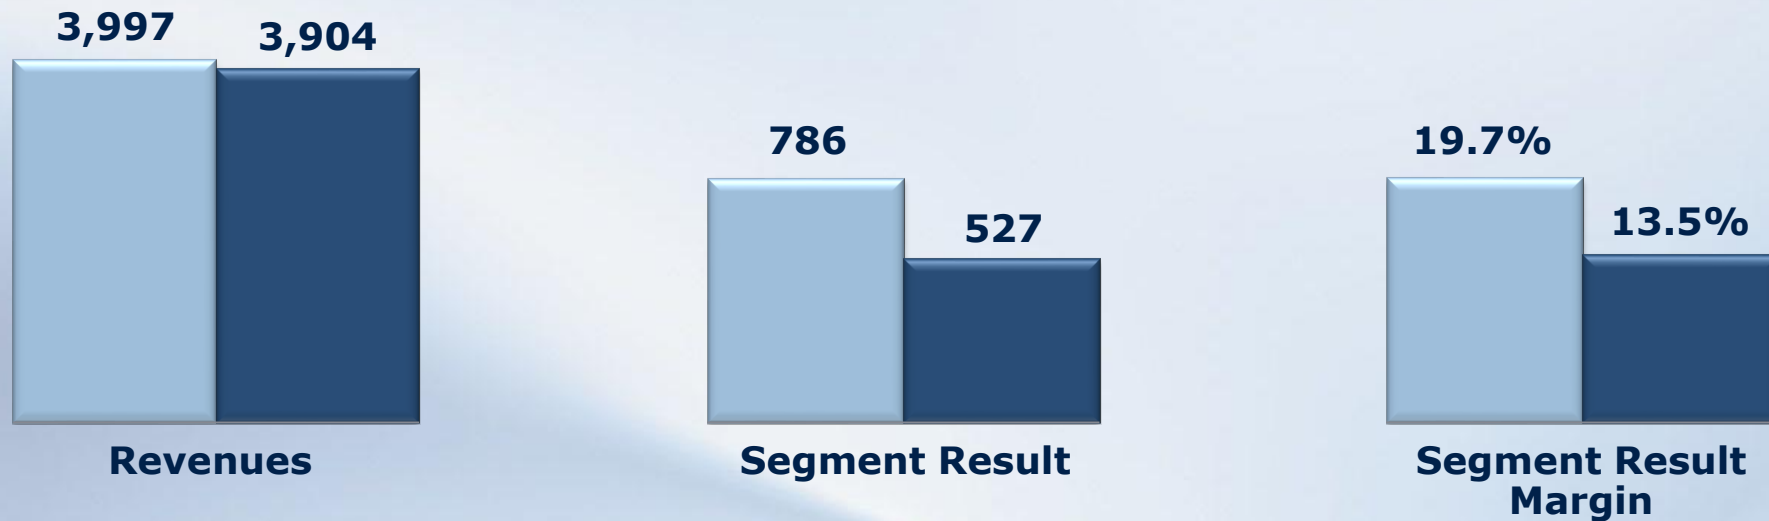

\$ **198** bn  
Suppliers

\$ **27** bn  
Semiconductors

## Profitable Despite the Downturn

[€ Million]

■ FY 2011 ■ FY 2012

Automotive

# Industrial Power Control

# Power Management & Multimarket

# Chip Card & Security

## Four Strong Business Segments

Our Aspiration: Sustainable Profitable Growth

# The Right Areas

**Energy Efficiency**

**Mobility**

**Security**

# Energy Efficiency

Mobility

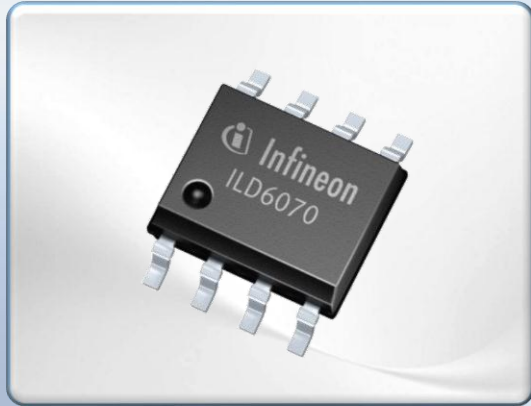

Security

# The Right Strategy: From Product to System

**Product**

**Application**

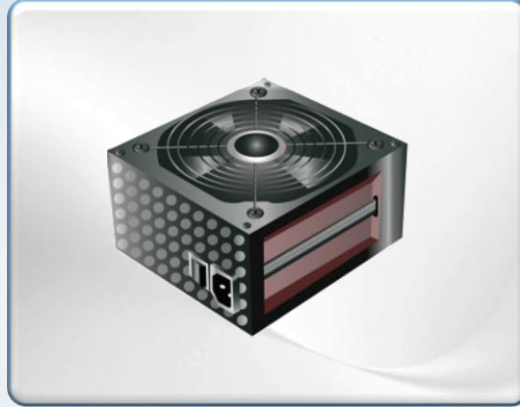

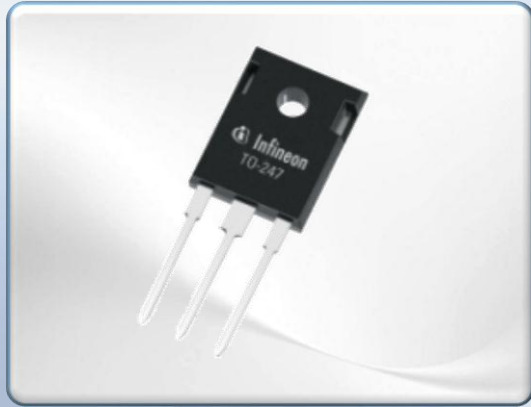

**System**

# System Understanding: LED Changes Lightning

# The Right Strategy: From Product to System

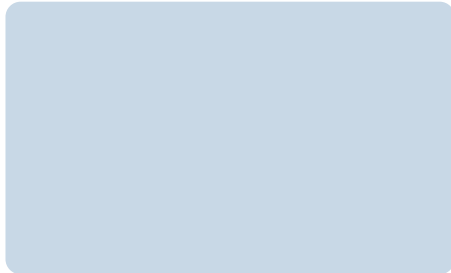

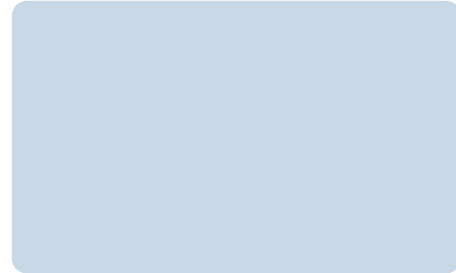

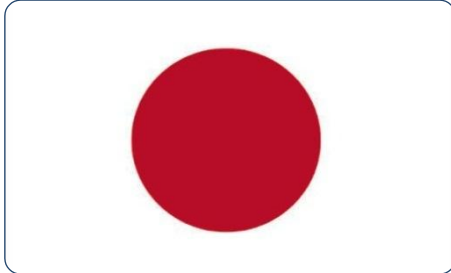

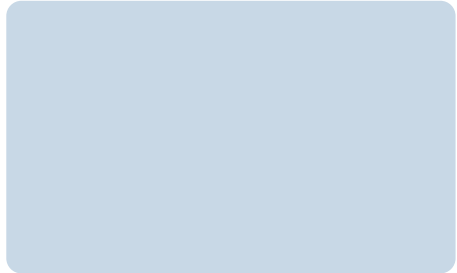

**Product**

**Application**

**System**

# The Right Regions

# China Continues to Grow – Infineon Grows Along With It

# Business Location Germany: Innovation Networks

# Shaping the Future – Mastering the Current Challenges

# ENERGY EFFICIENCY MOBILITY SECURITY

Innovative semiconductor solutions for energy efficiency, mobility and security.
